The Collinsville Church.

I do not wish to abuse your generosity by the too frequent use of your columns, but we are just now wanting a slight lift to insure immediate success to this important enterprise. We are building the best church edifice on this side of the river, in what was once regarded as the "dark corner" of Montgomery county, because of its religious destitution. Now there is no community in the county superior to it in all points of excellence, but there is not sufficient financial strength there to complete the noble work which they have begun. Clarksville has given important aid heretofore, and now if your people would lend us a helping hand to the amount of about \$100 there would be nothing in the way of finishing and paying for the house during the next six weeks. Brother Burr will be invited to dedicate it at the Third Quarterly Conference for this charge, and we must have every debt extinguished before that time. The Board of Trustees have appointed a soliciting committee to visit Clarksville, but I hereby urgently request my good friends, Sterling Nelson and Sam Caldwell, to represent our condition, and get all the help they can for us.

A. T. GOODLOE, P. C.  
February 26, 1877.

Our Flag.

Some "bad boys" have taken down the beautiful flag at the head of the Square. That flag which we all love so well, around which gather bright memories of the far back yonder when America was proud of herself. But this banner was peculiarly ours: it was a weathercock during the severity of a winter memorable for its severity, and moreover, it was Democracy in embryo when first it "flapped" from its lofty hanging. "Bright castle in the air," no, but a grand building completed, furnished in apple-pie order for our chosen child, Sammie J. But alas, our superstructure was demolished by the thieves of returning boards, the perjury of tribunals, not Sampson's strength, but Delilah's trickery. Then it may be well to take down our banner very much. But "bad boys" don't destroy it; return it to its proper guardian—the Democratic Executive Committee. Remember it is our country's flag.

The special term of the County Court met last Saturday to consider the compromise in the Railroad. McClure said. Only twenty three Magistrates present and voting. Thirteen affirmative, and ten negative; thus agreeing to the compromise by a majority; but inasmuch as the thirteen affirmative votes, is not a majority of the Magistrates of the county, Judge Tyler declines to assume the responsibility of closing the contract; but will make every arrangement necessary, so that so soon as the compromise is accepted by the requisite number of Magistrates, this vexed question will be settled.

A LITTLE negro boy some 12 or 14 years of age was badly crushed at the freight depot last Tuesday. It appears that he was swinging to one of the box cars which was switching off, and as the car was passing the platform, attempted to jump on it and fell. His arm was badly fractured. Let parents take warning and keep their children from the railroad. In this instance no blame can be attached to the employees of the road.

## Committed.

Albert Ford and Joshua Dufferin were committed by Judge Jefferson of our City Court on Wednesday last for drawing stones at a freight car while passing the foot of First street. They are both colored and only fifteen years of age. Judge Jackson's decision was rendered in a very forcible manner, impressing upon all the necessity of punishment in this case. It was only chance that saved the life of the brakeman who was hit, for had he lost his balance and fallen, we can only conjecture his probable fate. We think the Judge correct. It is best for the boys that they be taught this lesson. The traveling public demand that all such misdemeanors be severely handled.

The young ladies of the "Clarksville Female Academy" unite in a vote of thanks to that enterprising and liberal firm "Fruit Sons & Morgan," near Nashville Tenn., for a donation of four beautiful Junipers which ornament the Academy grounds. They gratefully appreciate the delicate compliment. These beautiful evergreens will prove constant reminders of the generous proprietors of Rosebank Nursery.

Any donations of evergreens and shrubbery to ornament the Academy grounds will be duly appreciated by the young ladies of the Academy.

MR. JOHN S. ELDER of the firm of Turnley & Elder has returned from his trip to New Orleans. And from his looks one would judge it was merry indeed, though the Grand Republic was ground 10 miles above Baton Rouge so long as to prevent his enjoying Mardi Gras, yet for this the merry dance and fairy smiles more than compensate his loss.

REMEMBER that there will be a meeting of the Board of Education at the Court House in this city, at 11 o'clock, Saturday March 24th. Rev. M. G. Carney our new county superintendent, urges a full attendance of all the district commissioners, in order that there may be concert of action in behalf of education and that all schools may adopt similarity of system both in government and instruction.

HOLLOWAY'S PILLS AND OINTMENT. Scrofula was considered incurable until the great discovery of "Holloway's Pills and Ointment" flashed upon the world. Diseases which baffle the skill of the medical schools, readily yield to these peerless remedies. Scoury, Erysipelas, Salt Rheum, Itch, and all cutaneous eruptions are curable by them. 25 cents per box or pot.

An Iowa man has invented a pulpit regulator. An exchange describes it as a machine that strikes an alarm after the preacher has talked 30 minutes, and if he does not close within three minutes thereafter, down goes the pulpit, parson, and the balance of the apparatus.

We have seen the time when we would have given a good deal for just such a machine.

CAPT. WM. SEARCY has bought new machinery for the steamer Silver Spring, and in a few weeks she will resume her former trade. The Silver Spring has proved herself very useful to farmers and shippers from Clarksville to the mouth of Harpeth.

GOOD—A gentleman who has just returned from Evansville, says he has never seen a better prospect for wheat than the growing crop, between Henderson and Guthrie. The crop in this vicinity we learn has improved a great deal within the past few weeks. Thus far the wheat crop is promising.

THE Supreme Executive Committee of the Champions of the Red Cross, will meet in Springfield next Tuesday. Devotion Encampment meets at their hall in this city to-night, at 7 o'clock.

THE Gracery Warehouse card appears in to-day's issue. The proprietors, Messrs. A. B. Harrison and E. H. Shelby are too well known to the shippers and farmers of the Clarksville tobacco district to need commendation. Ten years of success speaks louder than words.

LIEBER'S Trade Palace is rapidly gaining in popular favor, and deservedly so; as Mr. Weil the gentlemanly superintendent looks well to the wants of the trade and is even quick to replenish his stock. See special receipt of notions &c.

CRIMINAL COURT still in session. State vs. Blanford Woodruff, horse stealing to be taken up this (Saturday) morning.

State vs. Dock Rickman, murder, reversed by the Supreme Court will be tried on Monday next.

GOLD closed in New York on Wednesday at 104 1/2 @ 104 1/2.
